Dog Evaluation and Training Plan Development

I will meet with you and your dog at the Rocky Mountain Sporting Dog Club grounds. Here we will discuss your dog's current level of training and the level of performance you desire from your dog. I will then observe your dog under your control. Then I will prepare a step by step plan for you to follow to train your dog to the level you have chosen. This process takes about 1½ to 2 hours.

Fee is \$ 125.

Then you can elect to proceed in a couple of ways:

1. Schedule each individual session one at a time. Each session would run approximately 1 to 1½ hours. The rate is \$ 100 per session.
2. Schedule a series of 6 sessions. Rate for the package is \$ 500.
3. Schedule a series of 10 sessions. Rate for the package is \$ 800.
4. Multi session programs must be completed within one (1) year from start date.
5. Training birds are an additional cost depending on market rate. Payment required at day of training session.
