## **Dog Training Rates**

### **Dog Evaluation and Training Plan Development**

I will meet with you and your dog at the Rocky Mountain Sporting Dog Club grounds or at a convenient site. Here we will discuss your dog's current level of training and the level of performance you desire from your dog. I will then observe your dog under your control. Then I will prepare a step by step plan for you to follow to train your dog to the level you have chosen. This process takes about 1½ to 2 hours. Fee is \$ 125.

Then you can elect to proceed in a couple of ways:

1. Schedule each individual session one at a time. Each session would run approximately 1 to 1½ hours. The rate is \$ 90 per session.
2. Schedule a series of 6 sessions. Rate for the package is \$ 450.
3. Schedule a series of 10 sessions. Rate for the package is \$ 700.
4. Training birds are at additional cost depending on market rate.
