

# ***Pointing Dog Training***

Are you looking to train your bird dog? Want to do it yourself but are unsure when and where to start? You will want to contact:

C. J. Kausel of

*Hunt Smart Productions.*

C. J. has trained and hunted over his own dogs, German Shorthairs, for over 30 years. He has trained pointing breeds for over 10 years.

C. J. is a member and current president of the Rocky Mountain Sporting Dog Club (RMTSDC). He is a member of the field pro staff for SPORT DOG Brand. His dogs are proven hunters and have won or placed highly in several field trials along with achieving qualifying scores in AKC hunt tests.

Whether you are looking to train a true field champion or just a solid hunting companion, you will want to contact him.

C. J.'s approach is somewhat different from that of the standard professional dog training program. He trains you to train your dog.

He will meet with you and your dog and evaluate your dog and you to determine where you are in the training process. He then develops a "step by step" plan for you to follow to meet your desired goals. He meets with each customer periodically during the process until you reach your desired goal.

There is no need for you to pay the expense of boarding your dog, as your dog will remain at home with you throughout the training process. All training sessions are at the Rocky Mountain Sporting Dog Club grounds near Hudson.

C. J will work with groups or on an individual basis. Contact him for group session details.

For more information go to [www.huntsmartpro.com/services](http://www.huntsmartpro.com/services)  
or call 303-699-7199.

*"If training is approached with love and dedication, you will develop a relationship with a true and loyal friend that is as unique as any can ever be. Also, remember to take a youngster hunting. It is better to take a child hunting than to go hunting for your child"*
